END OF CONFLICT IS NOW IMMINENT

Russians Are Now Ready For Peace Negotiations.

ROOSEVELT MAY BE MEDIATOR

France and Germany Are Assisting United States in Trying to Bring About a Termination of Hostilities Between Japan and Russia.

St. Petesburg, June 9.—President Roosevelt striving with excellent prospects of success to end the bloody war is now the central figure of the world's stage.

One of the principal features, it seems will be overcome, once Japan and Russia have agreed to accept his good offices for the arrangement of the preliminaries. The belligerents are expected to be able to arrange the peace terms direct. The president is believed with Emperor William, in the view that the belligerents should be allowed to settle the actual terms without outside interference.

Evidence also exists that President Roosevelt has shared to support of several continental powers and that in the proper time they will appear at his back.

Exactly what is transpiring at Washington is being carefully guarded. The diplomats here are still greatly at sea, not being able to do more than venture a shrewd guess and indulge in speculation.

The interest with which the moves on the Washington chess board are being followed is evidenced by the manner in which the ambassadors and ministers who learned of Ambassador Meyer's audience of Emperor Nicholas yesterday flocked to the American embassy today in search of information. But the situation seems to be so delicate that the ambassador is compelled to display the most complete reserve. If Japan proves moderate in her demands, peace seems at last to be close at hand. An armistice probably will be the first evidence the world will have that the two powers have agreed to shake hands.

Washington, June 9.—M. Jusserand, the French ambassador, had a conference with the president soon after the latter's arrival at the executive offices today. The ambassador was with the president for about half an hour. At the close of the interview Ambassador Jusserand said that he could not discuss the object of his call. Pressed for a statement as to whether peace negotiations were in progress he replied that he could say nothing; that he had no news. He said that if anything at all were to be made public it would have to come necessarily from President Roosevelt. So far as his conference with the president was concerned, he was at liberty to say nothing.

France Working for Peace.

Paris, June 9—It is definitely known that Count Lamsdorff, Russian foreign minister, second by M. Witte, chairman of the committee of ministers, has initiated overtures through the Russian representatives abroad to learn Japan's disposition and terms of peace. The overtures, it is said here, began days ago and were the basis of decidedly more hopeful view which officials began to have. At this time it was then and still believed that Count Lamsdorff would represent the peace element. It is not yet clear how far the hope is shared by the emperor, Count Lamsdorff's policy the overtures the force from responsible quarters. The previous movements of origin. This clears the negotiations between officials here and at other capitals now actively going on, which are circuitous, owing to the inability to approach

...s With Roosevelt.

...—The interviews of ... Sternburg, the German ... at Washington, has had with President Roosevelt and the cable correspondence between the ambassador and the foreign office resulted here in the president and the emperor finding that they had identical views on the subject of peace and were nearly of the same opinion as to the method of peace and were nearly of the same opinion as to the method of drawing Russia and Japan into negotiations. The joint view appeared to be that others, including France and England ought to be left out because to be sure of community of views among all would be a slow and cumbersome business and would impress Russia as taking on a character of outside pressure. This is precisely what, as the Associated Press is informed, President Roosevelt and Emperor William wish to avoid.

Russ Papers Are for Peace.

St. Petersburg, June 9.—There is a significant change in tone on the part of some Russian newspapers like the Novoe Vremya, which never heretofore, have been admitted the possibility of the conclusion of hostilities until Russia had recovered her military prestige by a victory. Today the papers discuss calmly the advisability of ending the war if Japan's terms are reasonable. The payment of a big indemnity, they declare, would be too humiliating. The Novoe Vremya says bluntly that if Japan asks too much, it will pay Russia to prolong the contest indefinitely; while the Russ argues that if representatives of the Russian people are called togethed Japan will see herself confronted by the whole nation and she will readily agree to reasonable terms.

Even the revolutionists, the Russ adds, are not traitors. They are fighting the present rotten bureaucracy and not the mother country. They would not tolerate a disgraceful peace.

Universal regret is expressed in official circles at the retirement of M. Delcasse, until recently French minister of foreign affairs. He was regarded as a true friend of Russia, was a personal friend of Foreign Minister Count Lamsdorff, and was a sincere and unequivocal supporter of the dual alliance. The Novoe Vremya says:

"We know how to appreciate true friends. We have so few of them."

The Russ and the Slovo consider that Delcasse to be the victim of trying to play the impossible role of a connecting link between the two rivals—Russia and Great Britain. The Slovo says:

"M. Delcasse's policy was never directed towards the isolation of Germany but he forgot that an alliance with Great Britain would ruin any political system aimed against Germany. The British alliance has not helped France in Morocco but it has embroiled her with Germany. M. Delcasse pays the penalty by retiring as complications can be easier avoided with him out of the cabinet, and his retirement will not affect the dual alliance."

NEWS FROM MANCHURIA.

Japanese Repulse Russians and Cause Them to Retreat Hastily.

Tokio, June 8.—1 p. m.—Imperial army headquarters made the following announcement today:

At 11:30 o'clock on the morning of June 7, a body of Russians, some 160 strong, advanced from the direction of Sumiaotsz about a mile and a quarter east of Yiniyipienmen, but were met and repulsed by us on an eminence lying north of that place. The enemy fled in confusion toward Nimieling, 97 miles north of Yiniyipienmen.

One soldier and two saddled horses were captured.

With the exception of skirmishes between scouts on both sides, there is no change to report elsewhere.

Offering Cargo for Sale.

Nagasaki, June 9.—It is reported here that the Japanese are offering for sale the cargo of the British steamer captured by them from the Russians.

Attempted to Kill Her Children.

Standish, Mich., June 9.—Mrs. Geo. Schmidt, living south of here, attempted to kill her five children, but was frustrated by Schmidt. She became so wildly crazy that she had to be taken to Bay City and placed in a padded cell. The doctors say she will probably recover.

NO SIGN OF PEACE IN CHICAGO STRIKE

All Negotiations Declared Off and Fight Continues.

OWNERS WANT MATTERS FORCED

However, Some Still Hope for a Settlement—Prospects of 8,000 Truck Teamsters Being Called Out Places a Gloomy Aspect on Affairs.

Chicago, June 9.—Peace in the teamsters strike seemed today to be as far away as ever. Settlement with the express companies and a demand by unions that the police be withdrawn from wagons with the calling off of the strike were apparently insuperable obstacles to an adjustment. President Cornelius P. Shea, of the teamsters union, took an active part in the latest conference with the employers, although he was responsible for blocking peace negotiations several days ago, after he had been left out of a meeting between a committee from the new conference if the employers had agreed to the demand of the union officials.

The employers' attorney, Levy Mayer, also should keep away. This demand was refused promptly and Shea then was called in. He made a vociferous fight against altering the propositions of the teamsters to suit the demands of the employers.

With peace efforts again coming to naught, the prospective spread of the strike to the 8,000 truck teamsters employed by the members of the team owners' association was today again a vital issue. Many of the owners were in favor of forcing matters to the drivers, but it was generally hoped that the neutral element in the association would make a hard fight to keep from becoming involved in the strike.

PLEA FOR CO-OPERATION.

Lithographic Employers Want Assistance and Good Will of Employes.

New York, June 9.—A committee from the eastern branch of the Lithographers' association has visited the annual convention of the Lithographic Artists, Engravers and Designers' league of America, now in session here.

Secretary Smith in addressing the convention on behalf of the association recalled the fact that the league's members are the highest paid men in the business, and declared that the Employers' association is working to raise the industry to the highest standard and could be greatly helped by the cooperation of the workers.

"We are not fighting the labor organizations," he said, "and we want the men to realize that mutual government is best for both sides. As to apprentices, we want boys with a natural ability for it as the best means of perfecting the industry and bringing lithography up to the highest standard."

King Won't Receive Deputation.

Stockholm, Sweden, June 9.—King Oscar has refused to receive the deputation appointed to present him the Norwegian storthing's address. The request that the king receive the deputation was sent by the president of the storthing, M. Berner, who received a telegram from him reading as follows: "As I do not recoghize the revolutionary steps which the storthing is violation of the constitution and act of union, and in revolt against its king has, unfortunately taken, I decline to receive the deputation." The king is receiving very many telegrams expressing sympathy and devotion fom all parts of the kingdom.

Secretary Hay Enroute Home.

London, June 9.—Secretary Hay and Mrs. Hay left London at noon for Liverpool to join the White Star line steamer Baltic at Liverpool, whence they will sail for New York. The company attached a royal car to the boat train for the convenience of the secretary of state, who was seen off by Ambassador Reid and Mrs. Reid, Secretary Carter and Mrs. Carter and a few personal friends.

CONTEST WILL OF MILLIONAIRE.

Between Seven and Eight Million Dollars Will Be Involved.

New York, June 9.—A will contest involving between seven and eight million dollars is said to be among the possibilities before the estate left by Mrs. Charity Hayward of Calofrnia, is settled.

Mrs. Hayward, the widow of Alonzo Hayward, a multimillionaire, died on June 1, at the home of her niece, Mrs. John S. Henry, in Newark, N. J. She had just arrived from her western home for a visit when attacked by pneumonia. When the news of her death reached California, her attorneys telegraphed that Mrs. Hayward had made a will before leaving home in which her only child, Mrs. Emma Rose, of New York city, was the sole beneficiary.

It is now claimed that a new paper is in existence making great changes in the distribution of the estate. This is said to have been drawn up the day before Mrs. Hayward died, and it will be offered here for probate. Mrs. Emma Rose, the sole beneficiary under the California will, is the wife of Andrew Weise, a wealthy New York resident.

BANKERS MEET IN FLORIDA.

Financiers of Georgia and Florida Gather at Atlantic Beach.

Atlantic Beach, Fla., June 9.—There arrived here this morning over one hundred bankers from Georgia and fifty from Florida, as the guests of honor. Secretary of the Treasury Leslie H. Shaw arrived this morning at 10 o'clock with a number of prominent Atlanta bankers. Secretary Shaw and party came through last night from Atlanta in a special Pullman.

Secretary Shaw had ordered a revenue cutter to meet him here and she is now off Mayport. He will board her this afternoon and proceed to Jacksonville, where he will address the board of trade reception.

The Florida and Georgia Bankers' association will have separate business sessions tomorrow morning, and in the afternoon will meet jointly, when they will be addressed by Secretary Shaw.

W. O. Jones, assistant cashier of the National Park Bank of New York, will also address the joint meeting.

Explanation Not Satisfactory.

New Orleans, June 9—The New Orleans Cotton Exchange has appointed a special committee to investigate the error made by the Western Union Telegraph company in transmitting the figures from the bureau of statistics, agricultural department, Washington, last Friday to the local exchange. The board of directors decided in a resolution that the explanations of the telegraph company received by letter were not satisfactory. The special committee of the exchange will also confer with a similar committee to be appointed by the New York cotton exchange on the advisability of immediately putting in a private wire between this city and New York through Washington for the exclusive use of the two exchanges. The committee is instructed to act immediately.

Cigarette Law Constitutional.

Indianapolis, Ind., June 9.—Judge James Leathers, of the Marion county superior court today decided in the case of the State against W. W. Lowry, indicted for smoking a cigarette, that the anti-cigarette law passed by the last legislature is constitutional, except wherein it may conflict with the interstate commerce law. Smokers may import cigarettes from other states and smoke them, but it is held unlawful to sell or give them away. Mr. Lowry is discharged. The state will take an appeal.

Timbers in Tunnel Afire.

Denver, Colo., June 9.—Word has been received at the general offices of the Denver & Rio Grande railroad that a fire has broken out among the timbers in the tunnel at Roby, 24 miles west of Grand Junction, and has temporarily tied up the traffic between arrangements have been made for the transferring of passengers from one side to the other. The fire is fast burning itself out.

SUBMARINE BOAT BLOWN TO ATOMS

British Vessel Goes to Bottom After Three Explosions.

FOURTEEN OF CREW DROWNED

The Boat Carried Eighteen Officers and Men—All Perished Except Four. Tugs and Divers Go to Aid of Ill Fated Craft.

Plymouth, England, June 9.—Submarine boat "A8" was lost off the breakwater here this morning. Three explosions are said to have occurred on board before the foundered. She had on board 18 officers and men including her regular crew and men who were in training. Fourteen of the number were drowned. The others were picked up.

The disaster occurred while the "A-8" was proceeding to sea for practice accompanied by another submarine boat and a torpedo boat.

Three explosions were seen from the shore to occur on board the "A-8" which suddenly disappeared. Tugs and divers immediately proceeded to the scene.

The submarine boat lies in 18 fathoms of water. The first intimation of the disaster came from the boat herself signaling that she was submerged and could not come to the surface. A signal receiver shortly before noon said:

"All right up to the present time."

Diving parties immediately proceeded to the scene. Those who were rescued were standing in the vicinity of the conning tower at the time of the dlaster, and were picked up by a passing trawler. They were Lieutenant Candy, commander of the boat, sub Lieutenant Murdoch, a petty officer and a seaman.

The lost boat was of about 800 tons displacement and was launched in 1904.

GRAND RIVER STEADILY RISING.

Many Residences in Grand Rapids, Mich., Surrounded by Water.

Grand Rapids, Mich., June 9.—The Grand river is still steadily rising here. The only encouraging news comes from up-river points, where the water is reported to be stationary or falling. The water here has now gone over Front street south of Bridge street. Many residents in the south en are completely surrounded by deep and swipt currents. Workmen are struggling frantically to keep the north end dyke from going to pieces, and it seems to be about an even chance whether they will succeed.

A special to the evening press says that communications have been partially re-established with Whitehall, which has been isolated for sixty hours. The conditions on White river above the town are worse than had been expected the damage to crops, bridges and dams, will reach hundreds of thousands. Three large dams at White Cloud, Hesperia and Ferry were washed completely away.

7,000 Indictments Against Breweries.

Wheeling, W. Va., June 9.—The Marshal county grand jury, which has about completed its work, will return indictments to the number of 7,000 against breweries which have violated the new tax laws of the state. When the report comes it will create a tremendous sensation, for it means over $700,000 of fines and costs against the breweries, besides $70,000 in fees for the prosecuting attorney if he insists upon collecting.

Great Baseballist Insane.

Louisville, Ky., June . Louis Browning, known 15 years ago under the family name of "Browning," as one of the greatest ball players in America, was today committed to the asylum at Lakeland, a suburb of Louisville. Browning has done nothing for about ten years. Some time during the latter part of his baseball career he was struck on the head with a pitched ball and to this injury is attributed his insanity.

THIS STREET ROW WAS EXCITING

Two Colored Men Engage in Fight in Carriage.

BROOKS WAS IN DANGER

Says Will Strobhar Drew Knife and Attempted to Cut His Throat, and Would Have Been Successful Had He Not Clasped the Knife.

Mallie Brooks, a porter at the Brown House, and Will Strobhar, a hackman, became engaged in a difficulty yesterday which resulted to the bad for Brooks, but it might have been worse had not Brooks grasped an open knife with which it was said Strobhar attempted to cut his throat. As it is, however, Brooks is nursing a pair of fingers almost severed from his left hand, and will be relieved of the satisfaction of receiving his weekly salary, since he is laid up for repairs.

The row started in the carriage driven by Strobhar. From best information obtainable it appears that the two men were coming from Spring Hill, where Brooks had been on an errand. After the altercation began the lines were released, and the men remained clutched until the horses reached the Brown House, where they were separated. Both were arrested, but released on bond, and they will have the opportunity this morning in the mayor's court to give their respective sides of the story.

ALACHUA NEWS.

Negro Gets Three Months—Religious Meetings and Personal Notes.

Alachua, June 9.—Robert Farrow, colored, was convicted in Judge Caswell's court of trespass and sentenced to serve three months in the county chaingang. Farrow had bought some things from W. W. Harper, a farmer living near town, but had not paid for them, and he agreed to let them stay where they were until they were paid for, but changed his mind about it, and broke into the house to get them, with the result as above stated.

Protracted services will begin at the Baptist church June 11. Rev. W. C. Foster, the pastor, will be assisted by Rev. L. R. Sanford of Virginia.

Dr. and Mrs. J. C. Bishop have returned from Hampton Springs.

Mrs. J. C. Scruggs of Georgia is on a visit to relatives here.

F. Y. Smith, who has been attending Stetson University at DeLand, is at home on a vacation. He is one of our brightest young men, and has an excellent record at the university.

The first watermelons of the season were received here Wednesday.

Misses Alice and Leila Cato made a visit to Gainesville Tuesday.

Frazier Stokes of Paradise was in the city on business Tuesday.

Miss Eva Powell is visiting friends and relatives at Waldo.

Dr. J. W. Bishop will leave in a few days for Hastings, where he expects to locate.

Mrs. Oliver Futch is visiting her sister at Waldo this week.

MR. STEEL'S DEPARTURE.

Well Pleased With Gainesville, and May Come Here to Reside.

After several days spent in this city and section, during which time he was the guest of Mr. and Mrs. W. E. Brown, T. W. Steel of Bremen, Ga., departed Friday for Clermont, Lake county, where he will visit friends.

Mr. Steel is very much impressed with Gainesville and its people, whom he declares to be the "cleverest lot" he has ever met. He has been for some time a subscriber to The Sun, and says it was reading so much about Gainesville and Alachua county as the proper place for a home which attracted him here. He is thinking seriously of returning here to reside permanently.

Mr. Steel says he feels under many obligations for the courtesies extended him while here, and desires to thank all, especially Mr. and Mrs. Brown, for their hospitality.

Kentucky Pays Her Bonds.

Frankfort, Ky., June 9.—The last of Kentucky's registered bond issue of $500,000, made in 1886, was paid off when 10 bonds of $1,000 each, with $200 interest, were presented for redemption. This leaves the state in debt to the extent of 28 coupon bonds of $1,000 each, and there is a cash balance of over $430,000 in the treasury to pay current expenses.

JUSTICE COLMAN'S COURT.

George Richardson Convicted and Sentenced on Two Charges.

George Richardson, colored, was arraigned in Judge Colman's court Friday on two charges—embezzlement and larceny. After hearing the evidence in the case Richardson was adjudged guilty and sentenced to three months on each charge. He will serve the time at McDonald's turpentine camp, Fairbanks.

It would appear that Richardson is partial to a prison life, since he has just finished serving a third sentence at this camp, aggregating nine months. He was released from custody a few days ago, and was so well pleased with the place that he accepted a "free labor" job, signing a labor lease, and securing an advance. It was because he "skipped," violating both his labor contract and defrauding the management out of money and goods, that got him into trouble again. He will have six months in which to meditate over the situation, and decide whether or not he will "be good" after his discharge.

LONDON IN A FOG.

A Weird Day of Dense Gloom In the English Metropolis.

He knew his London well. We went forth into a fog that was of the pea soup variety. It seemed useless to wait any longer for it to clear off. The days were all alike and were darker than twilight ever dared to be. I clung to Prentice Mulford's coat sleeve, for I knew if he were once to get beyond my reach I could never hope to find him again. We groped blindly among the streets, where the atmosphere was only less palpable than the houses that walled us in. At intervals we inquired where we were, for otherwise we could never have known at all. We had to feel our way carefully and take soundings at intervals. "Here," said Prentice as we paused in space; "here is Temple Bar." I thought I saw something that might have been the ghost of an arch hewn out of the solid fog. The top of it, though it was not lofty, was lost to view. Temple Bar, now gone forever from the place where its gates once swung in the wall of the old city—it was here her gracious majesty Queen Victoria of England was wont to receive the keys of the city from the hands of the lord mayors when she drove in state to St. Paul's cathedral. We threaded Fleet street, but could not see to the farther shore.

"Here is her majesty's tower," said Prentice, but nothing of it was visible, not one stone upon another. We crossed London bridge almost without knowing it. The waters of the Thames, which are but condensed fog, were invisible from the parapet, and the steam ferries were picking their way cautiously and looking very like marine monsters in a muddy aquarium. We crawled through the tunnel for foot traffic under the Thames, which was like a hole in the fog, and for hours carried the sky about on our shoulders. It was a woolly, greasy and ill smelling sky. Our nostrils were clogged with cinders, like chimney flues, and there were smudges all over our faces. Sometimes for a moment or two we saw a spot overhead that was like a pale red wafer, and we knew it for the sun, now lost to us. The lamps that burned all day were like glowworms for dimness, and so we explored the wonders of the town and saw as much of it as a blind man sees, but no more.—Charles Warren Stoddard in National Magazine.

A Thousand Dollars' Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

How It Was Pronounced.

Who was it who declared that a German in despair at the difficulties of English pronunciation said that we write "caoutchouc" and read it "gutta percha?" He was not driven to such desperation as one of his countrymen who gave up the study of the language on being told that the "Mikado" was pronounced "a decided success."—Chicago News.

YOUNG WIFEHOOD

Boston, Mass., 152 Shawmut Ave., Oct. 25, 1902.

After I had been married about four months I felt my health generally decline. I seemed to lose the light step and dragged wearily along instead. My appetite failed me and I lost health and strength. I was nervous and had shooting pains through my limbs and stomach while bearing down pains and constant headaches added to my misery. The menstrual flow became more and more profuse and I was unfit to attend to my daily duties. My husband called in three different physicians and I took enough medicine to kill or cure a dozen women, but it all had no effect on me whatever, until I took Wine of Cardui. In a few days I felt a change for the better, my general health improved and at the next time of my periods my flow was more natural and I was in less pain. Gradually I recovered my health and strength and am now in perfect health. I take an occasional dose of Wine of Cardui which keeps me well.

I am happy to give you this endorsement. Buddy Ricker

President, Back Bay Woman's Club.

Why don't you try for the same health Mrs. Ricker has? It is easy to secure if you take Wine of Cardui according to directions. Wine of Cardui strengthens weak and worn-out women of any age and assists the mother and housewife to bear her exacting duties. Wine of Cardui makes women fit for all the duties of womanhood.

It will relieve the pains of irregularity, cures falling of the womb, leucorrhœa, ovarian troubles, and has been known to remove what physicians considered dangerous tumors. Women who use Wine of Cardui do not suffer at the monthly periods. They do not suffer hysterical attacks, because Wine of Cardui gives them strong nerves freed from the irritation of female suffering.

A $1.00 bottle of Wine of Cardui purchased from your druggist will keep you free from pain.

DELL-LIDDON NUPTIALS.

Full Report of That Important Society Event in Ocala.

Ocala, June 9—Wednesday night the home of Mr. and Mrs. Charles Alexander Liddon, on Oklawaha avenue, was the scene of a very lovely event, when their charming daughter, Miss Johnnie Liddon, was married to Dr. James Maxwell Dell of Gainesville. The hour of the wedding was set for 9 o'clock, and some time before that hour the home and yard were filled with friends who had come to witness the nuptials.

The entire house was very prettily and simply decorated with bamboo, palms and flowers. At the front door Mrs. E. L. Carney, Mrs. R. G. Blake and Mrs. Hatchell received the guests and gave them a happy welcome.

Mrs. S. T. Sistrunk introduced the guests to the receiving party, who stood in the back parlor, which was very prettily decorated.

In the receiving line were: Mrs. J. B. Dell and Mrs. John Futch of Gainesville, Mrs. B. J. Potter, Mrs. Clarence Camp, Mrs. D. E. McIver, Mrs. W. V. Newsom, Mrs. C. R. Tydings, and Mrs. Eugene Matthews of Starke.

The wedding ceremony was performed in the yard under a big oak tree. A beautiful canopy had been built of large white pillars draped with ropes of bamboo and surrounded with beautiful palmetto trees and potted plants. The yard was lighted with electricity, the lights all being shaded in pale green. The night was beautiful and the picture around the improvised altar was indeed a beautiful one.

At 9 o'clock Mr. Edwin P. Pittman played the Mendelssohn wedding march and the attendants marched from the dining-room through the hall out into the yard and formed an aisle, through which the bride and groom walked. They carried garlands of smilax and came out of the house in the following order: Mrs. Mallory Liddon, with Mrs. C. V. Miller; Miss Grace Hatchell, with Mrs. Sam T. Dell of Gainesville; Miss Lula Mellon of Tampa, with Miss Rhoda Liddon; Mrs. J. B. Hiers of Jacksonville, with Miss Valeta Potter; Miss Louella Gary, with Miss Evelyn Liddon, all of whom wore exquisite white dresses.

The two sisters of the bride, Misses Iola and Caro Liddon, were the maids of honor, and came in after the matrons and bridesmaids. They were also in white and carried pink bridesmaid's roses.

Next came the pretty little ringbearer, Ellen Stripling, followed by the dainty little flower girls, Frances Liddon and Janet Matthews, who carried baskets of daisies and scattered them in the pathway of the bride. The three little girls wore accordion-plaited pink organdie frocks and added a pretty touch of color to the picture.

Dr. Dell had as his best man his only brother, Mr. Sam T. Dell of Gainesville.

The bride came out with her father, Mr. C. A. Liddon. She was exquisitely lovely in a handsome white crepe de chine gown, beautifully trimmed with hand-made lace and seed pearls, and she wore a long white tulle veil and carried bride roses, and was as charmingly beautiful a bride as one could wish to see.

The Rev. C. C. Carroll of the Baptist church pronounced the mystic words that made Dr. Dell and Miss Liddon man and wife, and during the ceremony Mr. Pittman played very softly Cupid's Garden.

After the ceremony Dr. and Mrs. Dell were kept very busy receiving the congratulations and best wishes of their friends, the guests remaining for several hours.

On the front veranda the two punch bowls were presided over by Mrs. Jack Camp, Mrs. F. L. Watson, Mrs. A. E. Gerig, Mrs. A. Brown, Mrs. S. T. Sistrunk, Miss Annie Davis and Miss Gertrude Pereda. Light refreshments were served, buffet style, both in the house and yard.

In the room to the rear of the library the wedding gifts were displayed. They were very numerous and beautiful.

Dr. and Mrs. Dell left over the early morning Seaboard for their future home in Gainesville. Mrs. Dell's going-away gown was of blue louisine silk, trimmed with hand-embroidered lace in the peacock effect, with which she wore a blue braid and maline hat to match.

This popular couple have the best wishes and congratulations of a host of friends all over the State.

HEALTH AND HAPPINESS

Sickness and Sorrow Are the Lot of Women Who for Any Reason Neglect Any Form of Female Trouble.

Thousands of women are unhappy because they are unhealthy. They would not know a sorrowful moment if they could enjoy the blessing of good health; yet, screened from prying eyes, confiding in no one and suffering in silence and in sorrow, they are the victims of conditions peculiar to their sex, which they imagine are chronic and incurable.

G. F. P. (Gerstle's Female Panacea) gives instant relief and is a positive cure for leucorrhea, prolapsus, ovarian trouble and painful or suppressed menstruation. It is purely vegetable, and no ingredients of a harmful nature. It is pleasant to take and is readily assimilated even by the most delicate.

Sleep, health, beauty, steady nerves, pure blood and freedom from pain promptly follow its use, and all functions of the body become regular and healthy. You do not have to take our word for it. Ask your druggist for a bottle of G. F. P., use it as directed, and when you have finished the bottle, if you can conscientiously say you have not been benefited, take the bottle back and he will refund the $1.

If your druggist cannot supply you, write the Gerstle Medicine Co., Memphis, Tenn., direct, and they will send a bottle prepaid upon receipt of $1.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Cures Old Sores.

Westmoreland, Kans., May 5, 1902. Ballard Snow Liniment Co.: Your Snow Liniment cured an old sore on the side of my chin that was supposed to be a cancer. The sore was stubborn and would not yield to treatment, until I tried Snow Liniment, which did the work in short order. My sister, Mrs. Sophia J. Carson, Allensville, Miffin Co., Pa., has a sore and mistrusts that it is a cancer. Please send her a 50c bottle. Sold by W. M. Johnson.

DEATH OF A NOBLE LADY.

Mrs. Elizabeth Ramsey Passed Away at Arredondo Thursday.

Mrs. Elizabeth Ramsey, wife of Thomas G. Ramsey, died at her home in Arredondo of paralysis Thureday night, after an illness of a few days.

Deceased was seventy-two years of age at the time of her death. She was a native of Georgia, having been born near McRae. She was a noble lady of Christian character, and was loved by her large circle of friends. She is survived by her husband, one daughter, Miss Sallie Ramsey, and two sons, P. G. and F. M. Ramsey, to whom the sympathy of The Sun and other friends is extended.

The funeral was held Friday afternoon, and the interment was in Kanapaha cemetery. A large number of friends assembled to pay their last mark of respect to the deceased, who died as she had lived—at peace with the world.

Stimulation Without Irritation

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irratating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Company.

FOR CUTTING TREES

Three Colored Men Arrested and Fined in Levy County.

The Levy County Advocate of the 9th contained the following:

"Lawyer Voyle of the East Florida Telephone Company had three of his colored laborers arrested Wednesday by our worthy County Commissioner, E. C. Price, for cutting down trees across the public road near here. They were taken before Judge Harris and fined $10 per tree. Pretty expensive cutting. Beware of cutting trees across settlement and public roads."

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at all drug stores. Price 50c and $1 a bottle. Trial bottle free.

Blanket Policy.

Pausing uncertainly before a desk in the big insurance office, the Hibernian visitor said to the clerk, "Oi waut to tek out a pawlicy."

"Life, fire or marine?" drawled the dapper clerk, with infinite sarcasm.

"All three, Oi'm thinkin'," retorted the applicant. "Oi'm goin' fer a stoker in th' navy."—Puck.

Permanent Ideals.

To live in the presence of great truths and eternal laws, to be led by permanent ideals—that is what keeps a man patient when the world ignores him and calm and unspoiled when the world praises him.—Balzac.

A Surprise In Store.

Sweet Innocence—Papa says that you can't afford to marry. Guileful Youth—Oh, how absurd! Why, it only costs a few dollars! Sweet Innocence—Is that so? How foolish papa is! I'll tell him.

Little Brains.

Biggs—To think that a man should put an enemy in his mouth to steal away his brains! Griggs—Yes, and think what a hunt it must be for the enemy sometimes!

Help thy brother's boat across, and, lo, thine own has reached the shore!—Hindoo Proverb.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, innocculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

NOW IS THE TIME TO PAINT.

Important Memorandum. The paint is the most important factor in painting quality of paint, costing say $00.00 ($40.00 value, $20.00 paint), will last five years. The same paint applied by a dauber ($20.00 labor, $20.00 paint) will last only two years. That the "per-year-cost" of the good painter's job at $41.00—the poor painter's, $20.00.

'Above all, USE GOOD PAINT!

The oil! linseed oil! Just pure linseed is the "life"—the one great requisite of good paint for which there is no substitute—and the *sure* way to get the pure, fresh linseed oil is to buy the oil and

Kinloch HOUSE PAINT

separately. *For every gallon of Kinloch Paint buy one gallon of linseed oil.* This makes two gallons of paint, ready for use. You then *know* that the paint you're putting on your house is alive—"the genuine oil is in it," and paint is not paint unless it contains 50% of really pure oil. We will further explain the virtues of Kinloch Paint if you will call and see us.

BUCKMAN VS. PROGRESS.

The friends of the progressive Buckman bill, which recently passed the Legislature in spite of the opposition of the friends of education, will no doubt feel even prouder than ever of their work when they are made aware of the fact that their highly esteemed advance movement along the lines of higher education puts a quietus on the normal schools for the benefit of teachers and those who contemplate teaching. A dispatch from Tallahassee says:

"The attorney-general gave a decision Thursday morning to the effect that no summer normal schools can be conducted as heretofore, and that according to the provisions of the Buckman bill these normal schools can only be conducted by the normal departments of the State University, which will not be located in time for the school this summer."

The Peabody fund appropriates a certain amount for normal schools on condition that the State gives a like sum, but the Buckman advance educational bill stops this fund, hence the teachers are deprived of so much instruction.

Pistol toting will never be abolished as long as some people are licensed to tote them.

It looks very much as if John D. Rockefeller is still undecided whether to purchase the State of Kansas or try to work a bluff on one Teddy Roosevelt.

It is only by labor that thought can be made healthy, and only by thought that labor can be made happy; and the two cannot be separated with impunity.

An Eastern scientist is trying to find out why men are baldheaded. Anybody can answer that question. It's because the hair tonics don't fulfull the promises printed on the wrappers.

A wealthy woman of Philadelphia has had her 20-year-old son arrested at St. Louis for trying to earn his own living. This must be another manifestation of the eccentricity of genius.

The annual meeting of the county commissioners and good roads association of Florida, to be held at Orlando next Tuesday, June 20th, should be well attended and something done.

Dr. Osler wants Congress to put an export tax on girls. And while at it, the same law might contain an export duty on doctors, unless, perhaps, we cannot well afford to spare a few doctors.

There is danger of an epidemic in Pennsylvania before the summer is over. Mayor Weaver will require every disinfectant he can get his hands on in Philadelphia, and thus leave the rest of the commonwealth at the mercy of every infection that may present itself.

At the municipal primaries in Jacksonville 2,369 votes were cast for the two candidates for mayor. In Pensacola the vote on mayor was 2,115, just 254 votes less than the number polled in Jacksonville. According to these figures Pensacola must be not far behind the metropolis of Florida in population.

EYES ON FLORIDA.

Few people realize the number of people who are longingly turning their eyes toward Florida as the spot where they can make a home and live in comfort the remaining days of their existence on this earth.

There are thousands of them in various sections who pass a miserable existence because of the severity of the climate in which they live, who are looking for just such a location as is to be had in various portions of Florida. And there are men of moderate means, who, if they were aware of the opportunities offered in this land of peace and plenty, would not be slow in coming here, where good lands may be had at a small price, and a farmer does not have to work like a slave five or six months in the year to get enough to keep him warm the balance of the year.

The eyes that are on Florida are looking for something to tell them of the resources of the country. It is well known that Florida is a great winter resort. It is not so well known that Florida has thousands of acres of productive land for sale at from $7 to $15 and up, per acre. The men who have these lands should advertise them. You ask how? Get out an edition of a paper with a description of your lands in it, and after you have sent them out over the country, have a few left so that a man can get one sent to him when he is looking for a location.

Some people who know nothing about the country are afraid to come here lest they may be bitten by a snake, as they have the idea that we are infested with reptiles of all kinds. Write the true facts about Florida and let the people of the country know about them, and you will not need any foreign emigration.

The Sun sends many papers to different portions of the North and West, where people are located who would come to Florida if they but knew of the opportunities offered here, and those who have real estate, lumber or farm lands can reach the public at large in no better way than through the papers.

Many are the advantages offered in Florida over the the Northern States for the man of moderate means with good health and the necessary push. Cheap lands, good soil and convenient markets. The varied products of the soil does not confine the farmer to one particular thing. What soil will produce can be grown in Florida.

SECRETARY BROWN.

M. A. Brown, who has been in Governor Broward's office since the inauguration, has been appointed private secretary, to succeed C. H. Dickinson. Mr. Brown has been holding down the position of county registration officer of Duval county, but has resigned that position and gone to Tallahassee.

The appointment had not been given out officially up to Wednesday last, although Brown had confided the secret to his friends.

"Push things" is a good motto for any boy to adopt. It is the man who "pushes things" in the business world who succeeds, not the one who waits to be pushed. If your wagon sticks in a rut, put your shoulder to the wheel and push it out; don't climb on the wagon and wait for some one to come along and push it for you. You may wait in vain. If things don't go, push them, and push hard. Keep on pushing. All things are possible to the boy who pushes. No difficulties can frighten him, no obstacles can daunt him, no failures can discourage him. Success is as certain to follow him as night the day.

To Observe Eclipse of Sun.

New York, June 9.—Rear Admiral Colby N. Chester, superintendent of the naval observatory, today hoists his flag on the cruiser Minneapolis which, with the gunboat Dixie and the collier Caesar, will sail in a few days with the fleet that is to observe the eclipse of the sun Aug. 29 and 30, for the government. Stations will be established at Bona, Algeria and Valencia, Spain. One of these will be in charge of Captain Joe A. Morris and another of Prof. Chas. A. Bigelow, of the weather bureau.

Children Drown at Picnic.

Thomasville, Ga., June 9.—Ethel, 11-year-old daughter, and Olden, 9-year-old son of K. P. Wright, of Cairo, were drowned in the Ochlockness river, near Walden bridge. The family is one of the most prominent in Georgia and were holding their annual picnic and reunion. The children waded beyond their depth and were drowned before the parents on the bank could reach them. The bodies have been recovered.

Carried Treasure For Orient.

San Francisco, June 9.—The steamship Mongolia, which is scheduled to sail for the Orient today will carry treasure valued at about $500,000. In the cargo is a shipment of several thousand big shells for the Japanese vessels on the way from England. F. P. Sargent, commissioner of immigration, will be a passenger for Honolulu.

Your Life Current.

The power that gives you life and motion is the nerve force, or nerve fluid, located in the nerve cells of the brain, and sent out through the nerves to the various organs.

If you are tired, nervous, irritable, cannot sleep; have headache, feel stuffy, dull and melancholy, or have neuralgia, rheumatism, backache, periodical pains, indigestion, dyspepsia, stomach trouble, or the kidneys and liver are inactive, your life-current is weak.

Power-producing fuel is needed; something to increase nerve energy—strengthen the nerves.

Dr. Miles' Restorative Nervine is the fuel you need. It feeds the nerves, produces nerve force, and restores vitality.

"When I began taking Dr. Miles' Restorative Nervine and Anti-Pain Pills I was confined to my bed. I had severe nervous spells, the result of two years illness with malaria. I gradually grew so weak that I was unable to sit up. The spells would commence with cold chills, and I would become weak and almost helpless. My circulation was poor. I had doctored right along but grew weaker and weaker. The Nervine seemed to strengthen me right away and my circulation was better. I have taken in all seven bottles of the Nervine, and I am entirely well."
ROSA E. WEAVER, Stuarts, Ia.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Manatee will build marl and shell sidewalks.

Largo, Hillsborough county, now has a physician.

The Italian cruiser Dugali is visiting the port of Pensacola.

The South Florida Mid-Winter Fair will probably be held November 20th to December 2d.

The court house at Bradentown will have a tile walk laid in front of it to replace the wood walk.

Manatee is to have a "city attorney" and evil doers must now get into the straight and narrow path.

Louis Freeman, a colored counterfeiter of Pensacola, was sent to the Federal prison at Atlanta, Ga., for two years.

The Tampa Light Infantry has received 55 new rifles to replace the ones lost in the recent burning of their armory.

The city council of St. Augustine gives the Rifles $100 toward defraying the expenses of the State rifle contest to be held there.

The St. Augustine Record says that George Middleton has one of the finest fig orchards in the county and the yield will be large this season.

Sensational rumors are current in Tampa concerning the shooting of Police Captain Carter. It is asserted that other persons were present when the shooting occurred.

The second trial of Jake Bradford, colored, charged with killing John Plummer at Jacksonville, ended in a mistrial Thursday. Seven of the jury were in favor of acquittal.

Willie Wilson of Oneco, Manatee county, who is totally blind, is a graduate of the Institute for the Blind at Raleigh, N. C., and will teach music and tune pianos and organs.

Baseball is now the rage on the East Coast. At Cocoa the home team played Titusville Monday, each team getting a game, and in the evening a dance was held at the opera house.

The Truck Growers' Association at Largo met a few days ago and decided to build a packing house and pack their own fruit. They will also put forth an effort to keep the white fly out of that section.

Tampa city bonds were sold on Wednesday at a good premium. The $400,000 in bonds was purchased by Weil, Roth & Co. of Cincinnati for $412,295. The bonds were for paving and sewerage, $100,000 for purchase of Tampa Bay Hotel property.

The Synod of Florida, the higher court of the Presbyterian Church, consisting of all the Presbyterian ministers and one elder from each church, will meet in Palatka in December, 1905. This body is similar in character to the Methodist conference.

A small quantity of delicious grapes was brought in this morning from a vineyard at Lemon City. There were three varieties among those brought in, the Delaware, Black Hamburg and Tokay, and they were as fine in size, quality and flavor as any produced in California or elsewhere. The grower declares his ability to produce these in great quantities at a profitable figure.—Miami Evening Record.

Bank Wrecked by Dynamite.

Paris, Ill., June 9.—The Edgar county national bank, on the North side of the public square was wrecked by dynamite early today. The charge also demolished Bradshaw's jewelry store and Weltsa's shoe store adjacent. The smaller safe in which were the bank's funds were overturned, but is still intact. A strange circumstance is that Waller Juntgen, the bookkeeper of the bank, has a broken arm, which he says, was caused by a brick flying into his window across the square from the scene of the explosion. The officers of the bank announce that they will resume business tomorrow.

Morton to Head Subway.

New York, June 9.—Secretary of the Navy Morton, who is to retire from the cabinet July 1, to become the head of the Metropolitan subway syndicate has arrived here to make his first survey of the field of his future operations. He will make an automobile tour over the routes of the underground lines which John B. McDonald as chief contractor for the Metropolitan expects to built. On his tour he will be accompanied by Mr. McDonald. His investigations probably will consume several days.

Cotton Warehouse on Fire.

New York, June 9.—A waehouse of the New York Dock company at Conover and Reid streets, near Erie Basin, Brooklyn, which was filled with a large amount of cotton and hemp caught fire early today. It was feared that the loss would be heavy. The contents of the building were owned by individual concerns other than the dock company. The warehouse was one of the group of buildings called "the Red Hook Stores."

Army and Navy Maneuvers.

New York, June 9—Sixteen warships will attack the defenses of Washington and Baltimore at midnight June 11 and continue their offensive operations for six days and nights. Meanwhile the fortresses along Chesapeake, Washington and Baltimore, will put forth every defense of which they are capable.

Two Brothers Drowned.

Winnipeg, Man., June 9.—The Jaycock brothers, two young Englishmen, aged 21 and 23 years respectively, were drowned at Raven lake, 7 miles south Shoal lake during a storm, which upset their boat.

That Tired Feeling.

If you are languid, depressed, incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes: "I have used Herbine for the past two years. It has done me more good than all the doctors. It is the best medicine ever made for chills and fever." 50c. Sold by W. M. Johnson.

Breaks His Neck By Fall.

Greenville, Ga., June 9.—J. B. Price fell from the window of his room and his neck was broken. He was from Columbus and was an engineer on the Central railroad, spending his nights here. It is supposed he fell asleep while sitting in the window, the weather being warm, and fell out. The distance to the ground was about 20 feet. His family lives in Columbus, where his body was shipped for burial.

To Visit Leper Settlement.

Honolulu, June 9.—Surgeon General Wyman of the hospital service, and Governor Carter, will sail Friday for Molakai leper settlement, where Mr. Wyman will investigate the conditions prevailing there and select a site, one mile square, for the federal station, which is to be established at the station under an act of the last congress.

TWO BEAUTIFUL WOMEN WHO ESCAPED SPRING CATARRH BY TAKING PE-RU-NA.

Spring Fever is Spring Catarrh--Nothing Robs One of Strength Like Spring Catarrh.

MISS ESTELLE CAMPBELL.

Miss Estelle Campbell, 140 N. High street, Nashville, Tenn., writes:

"Peruna helped me when almost everything else failed. I was rundown from overwork, as I had not been able to take a vacation for three years and naturally my nerves were all unstrung and I was greatly in need of rest and a tonic.

"I went away for two months, but did not seem to get my strength back, although I was taking a prescription which the doctor gave me before I went away.

"At the request of my relatives, with whom I was visiting, I began to use Peruna, and you cannot realize how glad I was when within a week I found I was feeling so much better. Inside of a month I was feeling splendidly, ready and able to take up my work again."—Estelle Campbell.

Pe-ru-na is the Finest Tonic For a Weary Woman.

Miss B. Inez Silvera, 189 W. 130th street, New York City, Grand Recorder Daughters of American Independence, writes:

"Nine years of work, without a vacation, wore out my nervous system. I lost my appetite and felt weak and exhausted nearly all the time.

"Peruna restored me to perfect health in five weeks. It is the finest tonic for a weary woman that I know of. I gladly endorse it."—B. Inez Silvera.

Peruna is the most prompt and permanent cure for all cases of nervous prostration caused by systemic catarrh known to the medical profession.

MISS B. INEZ SILVERA.

A Spring Tonic.

Almost everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peruna will do this is beyond all question.

We have on file thousands of letters which testify to the curative and preventive value of Peruna in cases of nervous depression and run down conditions of the system. We quote a typical case:

Mr. Frank Williams, 3935 34th street, New York City, member First Presbyterian Church and Captain Capitol Golf Club, writes:

"Last spring I suffered with malaria and a run down condition which seemed very difficult to overcome.

"I tried several different tonics but did not seem to get much better until I began using Peruna. My recovery was slow, but I was improving and I was glad to continue using it.

"At the end of two months my health was restored and I looked and felt much better than I had for years. Your remedy is well worthy of a recommend and I am pleased to give it mine."—Frank Williams.

Peruna never fails to prevent spring catarrh or nervous prostration, if taken in time.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature. All correspondence held strictly confidential.

NEW PRESIDENT FOR MERCER.

Dr. Jamison, Well Known Baptist Devine, Is Chosen for Place.

Macon, Ga., June 9.—Dr. S. Y. Jamison, secretary of state missions for the Georgia Baptist convention for the past six years and well known throughout the state and this section, has been chosen president of Mercer university by the board of trustees. This action was taken immediately upon the final answer from Dr. W. W. Landrum in Atlanta, stating that he could not accept. A committee on details had been out with Dr. Landrum making arguments for his acceptance and strong hopes prevailed until the last moment.

The announcement of the election was made from the rostrum to the large gathering today by the president of the board, Dr. John G. McCall, of Quitman. The news was received with great applause and calls for Dr. Jamison resulted in bringing him to the stage. He asserted that he did not know what to do, and seemed greatly affected by the warm demonstration.

NO DANGER IN ELECTRICITY.

Professor Thompson Let Half a Million Volts Pass Through Body.

Lynn, Mass., June 9.—To demonstrate his claims that there is little danger in electrical force when properly handled, Professor Elihu Thompson, of this city, has permitted a current set to half a million volts to pass his body without displaying the slightest tremor or experiencing the slightest physicial discomfort from the test. The demonstration was made for the benefit of the members of the Commercial club of Boston.

Professor Thompson adjusted a special apparatus to his body and a high frequency current was used. Suddenly there was a flash from the finger tips and great sparks flew into the air, illuminating two incandescent lights that were held two feet from the fingers.

Famous Jockey Permitted to Ride.

New York, June 9.—Jockey Eugene Hildebrand, who established last season's new record for winning mounts, will be allowed, it is understood, to resume when the meeting at Sheepshead Bay opens one week from today. Hildebrand was suspended recently for the remainder of the Gravesend meeting by the stewards presiding, because of his handling of H. P. Whitney's Duenna in a race won by a heavily backed filly named Last Cherry. Thorough investigation followed reference of the case to the Jockey club, and it is now said the lad has been practically exonerated of any wrong-doing. He claimed at the time that his stirrups broke, preventing him from riding out the Whitney filly.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease as that of C. F. Collier of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by all druggists; price 50c.

Students Take Possesion of Circus.

Chicago, June 9.—Under the stimulus of the purple costume worn by a woman bareback rider, and on the supposition that it was worn in honor of the university's colors, more than 150 Northwestern students last night took possession of a circus in Evanston. After stopping the performance and giving a show of their own, the collegians fought with the tent men and were dispersed by the police. Several persons were injured, but no arrests were made.

Denied Supervisory Control.

Helena, June 9.—In an oral announcement from the bench Justice Dennis denied the plea for a writ of supervisory control as sought by F. Augustus Heinz. His attorneys stated in the argument that if the writ was not granted Judge Boruiquin, of Butte, would strike Heinze's answers in a suit involving $5,500,000, render judgment against him for the full amount and prevent the seizure of the propery thus effecutally putting him out of business.

Cotton Burns on Board Ship.

New Orleans, June 9.—Early today fire was discovered in the hold of the big steamship Manhattan, lying at Chalmette. Because the fire fighting facilities at Chalmette were inadequate the ship was towed up to the city and the fire department called. Until the flames are subdued no estimate can be made of the probable damage. The fire is in the after hold. The Manhattan belongs to the Leland line. Eight hundred bales of cotton and some timber are in the hatch where the fire is. The blaze was burning briskly when the vessel landed at St. Mary street, but it is expected to be subdued during the day.

Tax on Babies.

Extreme hot weather is a great tax upon the digestive power of babies. When puny and feeble they should be given a few doses of White's Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. Sold by W. M. Johnson.

Fire Sweeps Georgia Town.

Cordele, Ga., June 9.—Fire broke out in the whole sale storage warehouse of the Parker Willis company, on the tracks of the Seaboard Airline and the Atlantic and Birmingham railways, and before the flames could be checked the building and contents, together with the wholesale house and stock of Ray Grocery Company, was completely destroyed. Eight box cars and their cargoes were also consumed. The new building of J. P. Heard and Sheppard Bros. was badly damaged. Parker Willis company lost about $20,000; insurance between $8,000 and $10,000.

No Secret About It.

It is no secret that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory of Hope, Tex. 25c at all drug stores.

GERMANY'S BLACK LETTER.

Comparison of Texts Used In Printing In the Fatherland.

"It is remarkable that so practical a people as the Germans should continue to use their blind black letter," says Jerome Hart. "The German text is ugly, and when printed from small type on dingy paper with high speed presses, as is the case with most daily newspapers, it is difficult to decipher. Ever since the days of Cadmus alphabets have been designed to convey ideas, and those alphabets which transfer thought with the most quickness, clearness and precision are the best. Considered from these standpoints the German alphabet is one of the worst. That it is a failure is shown unconsciously in many ways. Advertisers, for example, have no sentiment about them. They want to reach the reader and reach him quickly. Therefore nearly all the display advertisements in German newspapers are printed in Latin characters.

"So, too, with the commercial and financial pages. Stockbrokers and merchants have no time to waste in deciphering badly printed German text. Therefore the commercial page in the German dailies is now nearly always set up in Roman type. Circus advertisements, theater placards and advertising posters generally, the names of streets on the corner signs, the lettering on cars and omnibuses, even temporary signs, such as 'No Thoroughfare' or 'Street Closed,' you nearly always see in Latin characters.

"Another proof of the inferiority of the German text is the fact that nearly all German scientific works are printed in Roman. This has been the case for years, but it has had little effect on the printing of books of a general nature. Bismarck did much to retard this needed improvement, for he clung stubbornly to the German text and frequently sent back books which were printed in Roman, refusing to read them."—New Orleans Times-Democrat.

FLOUR IN CHINA.

There It Is Made of Almost Everything Except Wheat.

The Chinese cook stuck the end of an ivory chopstick into a small brown biscuit.

"Taste, sir," he said.

The biscuit was warm, crisp, rich; it was light, well salted, nutritious—a biscuit, in a word, of peculiar excellence.

"This biscuit, sir, is made of flour of lentils," said the Chinaman. "You know lentils? Little green pellets slightly flattened like split peas. Lentils are considered the most nutritious of all the foods of the earth. This one lentil biscuit, sir, is equal in nourishing power to a pound and a half of roast beef."

He took from a tin a little cake.

"Again taste," he said.

The little cake was rich and good.

"It is made, sir, of the flour of almonds," said the cook—"fresh, sweet almonds ground into a white powder between two millstones. Such a flour is a finer thing than your flour of wheat, eh?"

Then he lifted a great lid and revealed some thirty or forty compartments, one filled with a pink flour, another with a yellow one, a third with a brown one, a fourth with a white, a fifth with a pale green, a sixth with a blue, and so on.

"All these are Chinese flours," he said. "In China, sir, we make over fifty kinds of flour. We make flour out of potatoes, out of sweet potatoes, out of peas, out of cocoanuts, out of millet, out of pulse, out of oats, out of bananas—the fact is, sir, we make flour in China out of everything but wheat, for in China, sir, we eat no bread, and therefore the coarse, dry, tasteless flour of wheat is useless to us."—Philadelphia Bulletin.

The Giant's Staircase.

One of the most widely known geological curiosities in the vicinity of Cork is a series of knobs or knots projecting from the face of a cliff. There are sixteen of these huge projections all together, all regularly set in the face of the cliff, one above the other, forming a series of such uniformity as to give it the general appearance of a stairway. Since time out of memory this queer ascent and its projecting "steps" have been known as the Giant's Staircase.

David Brainard and Yale.

In the course of a talk on the life of David Brainard at Longmeadow the story of his expulsion from Yale college came out. Brainard lived in the days of the evangelist Jonathan Edwards and "the great awakening," in which both men were identified. He entered Yale in 1739 and was expelled in his junior year after being found guilty on the charge of having given currency to the statement that a certain tutor had no more religion than a horse.

Consoling.

"So your father thought I wanted to marry you for your money? What did he say? She—I persuaded him that you didn't, and then he said if you are that poor you needn't ever marry.

The Old Time Parlor.

The days of the parlor are fast going. There was once a time when every family, no matter how poor, had its parlor. And generally the parlor was a most useless place, but it was the pride of the housewife. The Observant Citizen remembers some time ago when the lady of the house insisted that he should see "her parlor." Her husband smiled good naturedly, and they both led the way to a big front room which was locked. The door was unlocked, and the parlor got its first fresh air in months. The little family had expended much money on the parlor. Everything was new but the stuffed birds under glass cases. The design of the carpet was wonderful in that it consisted of bright red roses. One felt like stepping into a bed of flames. A horseshoe sofa, very erect, was the principal article of furniture, while at the windows were the stiffest lace curtains you ever saw. The room had a musty smell due to long confined air. It was "luxury imprisoned" on a small scale and the finest example of the old time useless parlor.—Manchester Union.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

PHIFER BROS.,

NEW YORK RACKET,

Phifers' Corner, Gainesville, Florida.

DEATH OF MR. PORTER.

One of Gainesville's Well Known Citizens Found Dead in Bed.

A gloom was cast over this city Friday by the announcement of the sudden death of Robert Henry Porter, who was found dead in bed at his hotel, the Magnolia, at an early hour. Death was evidently due to apoplexy, and it is not known at what hour he passed away, since he was alone at the time of his death.

"Uncle Bob," as he was familiarly known to every person, regardless of standing, color, age or sex, was one of the most familiar figures in the city. He was universally known, and universally popular for his genial nature. Notwithstanding the fact that his health has been impaired for some time, he was always genial to his companions, and always in a pleasant mood.

Deceased was born near Jefferson, Texas, fifty-five years ago. Twenty years ago he came to Florida with his brother, T. V. Porter, settling in Gainesville, and has since resided here.

Deceased is survived by two brothers, T. V. and J. R. Porter of Jacksonville, and two sisters, Mrs. W. K. Bartleson of Jacksonville, and Mrs. J. W. Gaunt of Grand Chain, Ill., to whom sympathy is extended.

Col. T. V. Porter and W. K. Bartleson arrived in the city Friday afternoon, and this morning will start with the remains for Grand Chain, Ill., where deceased will be interred by the side of his parents.

LEVY COUNTY OFFENDERS.

Two Fugitives from Justice Arrested by Alachua County Officers.

Christopher Richardson and Edith Benjamin, colored, wanted in Levy county upon charges of carrying concealed weapons and embezzlement, respectively, were arrested by Deputy Sheriff Granger in this city Friday on instructions from Sheriff Walker of Bronson.

Deputy Sheriff Robinson came for the prisoners Friday evening, returning with them to Bronson.

J. T. Percival Will Leave.

It is understood that J. T. Percival, editor of The Star and for some time a resident of Gainesville, has received several offers as immigration commissioner and the chances are that he will accept one of them.

Mr. Percival, in connection with his newspaper business, is also secretary of the Improvement and Development Association, and has accomplished a great deal for Florida in the matter of development, inducing many families to settle in this State. He will no doubt prove equally as successful as an immigration agent.

A Sad Death.

T. J. Faus, an employe of The Sun, received information Friday of the death of his sister-in-law, Annie, devoted wife of Rev. Oliver Faus of Bayard, which occurred at her home on Thursday night at 11 o'clock.

Deceased is survived by a husband, two sons, Willie and Joseph, and one daughter, Lena May, all small children.

The sympathy of friends is extended to Mr. Faus and the bereaved family.

Will Repair Machinery.

The county commissioners have had erected a shed in the jail house yard for the protection against the weather of the road machinery purchased last year, and the machinery has been stored. It is also understood that extensive repairs will be made, after which the machinery will be placed into more constant and active use in repairing and constructing hard roads.

A Bad Scare.

Some day you will get a bad scare, when you feel a pain in your bowels, and fear appendicitis. Safety lies in Dr. King's New Life Pills, a sure cure, for all bowel and stomach diseases, such as headache, biliousness, costiveness, etc. Guaranteed at all druggists'; only 25c. Try them.
